OF ZLIAMO

Well, not really because he will not be in any one place long enough to set up a residency. However DXers, he will be in Charlotte for a dinner meeting of the CDXA.

If you would like to see him and his presentation, including slides of Kermadec and much more of his travels, make sure you keep July 14th clear.

Your CDXA has arranged for Ron to come stateside for one month. He had the desire and we did the footwork with the cooperation of Dallas Tx, Washington DC, Cleveland Oh, New York, Toronto Canada, Portland Or, NCDXF and NCDX Club.

He will arrive in LA 9 July and depart 3 August. He will be in our area from 12 July to 15 July and bunking in at my QTH.

The Big Gala Evening on the 14th will be at the HEREFORD BARN STEAK HOUSE, located at the Derita Exit off I-85 in Charlotte, N.C.

The CDXA will have a very attractive private dining room on the 2nd floor. Cocktails at 7:00 PM and dinner at 7:30 PM. Setups will be provided but BYOL.

The cost will be \$30.00 for two as last time and again, this will not cover the total expenses. UR CDXA will pick up the difference.

The cost does cover the tax and tip. You must pay by cash or check (no plastic money) to Gary Bader, KD4RH as you come in on the 2nd floor. You can't miss him. Just look for the fellow at the door with his hand out....

NOTE... We must know how many to expect at this event. Pse notify no later than 8 July either Ted, WA4VCC 803-547-6980, 269 Swamp Fox Dr, Ft Mill, S.C. 29715 or Murf, W4WMQ 803-366-9057, 264 Wayland Dr, Rock Hill, S.C. 29730

 5U7 will come back visiting the nets.
 A DJ (not the last one) trying for ZA.
 Will the ET count? Mr ARRL said they can
 only rely on 1) no paper work as yet and
 2) the last group that operated there left
 all of the equipment in the make shift
 shack. When they departed, with intentions
 of returning, all gear was confiscated by
 officials. Logs also. This translates to a
 negative attitude toward amateur radio
 operations per ARRL. Lets wait and see.

It's better to remain silent and thought a fool, than to speak and remove all doubt..

FCC UPDATE

Those of you who have a First,
 Second or General Radiotelephone
 license should look into General
 Docket 83-322. A rule change in
 the docket will permit the FCC
 to issue a special one-time,
 diploma-type lifetime General
 Radiotelephone Operator Certifi-
 cate to those holders of First,
 Second or General Radiotelephone
 license for a one-year period
 only. This will avoid your
 license expiring when you fail
 to renew.

If and when you renew, any
 class of license will be re-
 placed with the General type.

Some of you may feel your
 license has been degraded if you
 have a First but this is the
 way of deregulation....

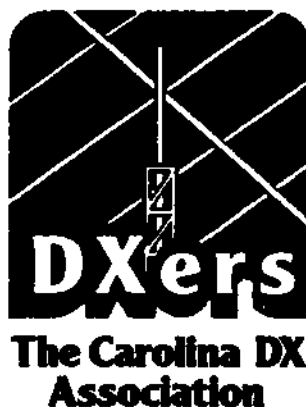

The FCC was 50 years old on
 June 19th.

The FCC let us down Hi, by
 not allowing hams to pick thru
 the 400 pounds of confiscated
 amplifiers etc that was crushed
 into scrap metal at the Norfolk
 Recycling company in June 11th.

This was supervised by the
 FCC. Wonder how many amateur
 rigs were in the pile?

DJ2UT SOMMER

He has a new multiband beam w/o
 traps or linear loading. The ele-
 ments are above ground & phase
 fed w/balun. SWR? Good..
 Durability? ..?
